How can I sponsor an orphan child?

For \$1 a day you could be the one to reach out to help a child have life. For as little as \$30 a month you can sponsor a child and help that child have food, shelter, education and the love of a family. As a sponsor you will receive a picture of your child and progress reports! You can write to your child and watch him grow!

Other ways I can help with this wonderful program?

ICC has many different programs available from which you can choose. Here are just a few of the choices—sponsoring a child, monthly giving plan, yearly giving plan, wills and trusts, group trips, international volunteer opportunities, adoptions, gifts in kind giving. ICC wants to design a plan that will fit your desires and abilities for giving.

How much of my donation really goes to help the children?

90% of all U.S. donations given to ICC go to the children's programs! The remaining 10% goes to fundraising and administrative expenses. As you can see, ICC is very serious about making sure that every dollar possible goes to support the children!

What is International Children's Care?

International Children's Care (ICC) is a nonprofit organization that provides relief to orphaned and abandoned children in any country where there is need. ICC builds and maintains "Children's Villages" where orphaned and abandoned children are given a home to call their own, food to nourish, a school to educate, and most importantly, a family to love them.

Why does International Children's Care do this work?

ICC believes that each person is important in this world. Our goal is always to help one more child to know and understand what it means to be a family and to be truly loved.

What circumstances bring the children to International Children's Care?

Many times, it is government employees who bring the orphaned and abandoned children to ICC in the middle of the night. Local people will call with horrific stories of how children have been left to die in the street, and ICC will go and rescue these children. Social workers and others will contact ICC or bring the children to one of our facilities to save the lives of these young children.
